

NFP Classes at Our Lady of the Annunciation

The Sympto-Thermal Method of Natural Family Planning will be taught at Our Lady of the Annunciation. This method uses three natural symptoms of fertility, in a cross-checking way, for a couple to determine when they are fertile and to cooperate with God in planning their families. The goal of the classes is to make couples self-sufficient in understanding their changing fertility, including post-partum and pre-menopause. The Theology of the Body is used as the basis for the instruction, using NFP in treating each other as persons, not objects. Register for the class at www.ccli.org. The next class begins January 13, 2019 at 1:30-4:00 PM at Annunciation Parish, St. Bakhita Hall. Contact the Parish Office at 298-7553 for additional information.
